

ImPlot::SetupFinish

```
graph LR; A[ImPlot::SetupFinish] --> B[ImPlot::AddTicksTime]; B --> C[ImPlot::GetTimeStep];
```

A flowchart illustrating a sequence of three ImPlot functions. The first function, 'ImPlot::SetupFinish', is in a white box. A blue arrow points to the second function, 'ImPlot::AddTicksTime', which is also in a white box. Another blue arrow points from the second function to the third function, 'ImPlot::GetTimeStep', which is in a gray box. The boxes are arranged horizontally and connected by arrows pointing from left to right.

ImPlot::AddTicksTime

ImPlot::GetTimeStep
