

crl::loco::Robot::Robot

```
graph LR; A[crl::loco::Robot::Robot] --> B[crl::loco::Robot::loadReducedStateFromFile]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'crl::loco::Robot::Robot'. The right box is gray with a black border and contains the text 'crl::loco::Robot::loadReducedStateFromFile' on two lines.
