

ImPlotAxis::PlotToPixels

```
graph LR; A[ImPlotAxis::PlotToPixels] --> B[ImPlotAxis::IsLog]
```

A diagram showing a dependency between two variables. On the left, a gray rectangular box contains the text 'ImPlotAxis::PlotToPixels'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'ImPlotAxis::IsLog'. Both boxes have a thin black border.
