

ImPlot::PlotHistogram2D

```
graph LR; A[ImPlot::PlotHistogram2D] --> B[ImPlotRect::Contains]; B --> B;
```

The diagram illustrates a sequence of operations. It begins with a rectangular box on the left containing the text 'ImPlot::PlotHistogram2D'. A straight blue arrow points from the right side of this box to the left side of a second rectangular box on the right. This second box is shaded gray and contains the text 'ImPlotRect::Contains'. Above the gray box, a curved blue arrow starts from its left side and points back to its right side, indicating a self-loop or a recursive call.

ImPlotRect::Contains
