

ImPlotAxis::ExtendFitWith

```
graph LR; A[ImPlotAxis::ExtendFitWith] --> B[ImPlotRange::Contains]; A --> C[ImPlotAxis::IsLog];
```

A diagram showing a central node on the left, 'ImPlotAxis::ExtendFitWith', which is a dark gray rectangle. Two blue arrows originate from its right side. The top arrow points to a white rectangle labeled 'ImPlotRange::Contains'. The bottom arrow points to a white rectangle labeled 'ImPlotAxis::IsLog'.

ImPlotRange::Contains

ImPlotAxis::IsLog
