

crl::getRandomGaussian

```
graph LR; A[crl::getRandomGaussian] --> B[crl::getRandomNumberInRange]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is filled with a dark gray color and contains the text 'crl::getRandomGaussian'. The right box is white with a thin gray border and contains the text 'crl::getRandomNumberInRange'. A solid blue arrow points from the right side of the first box to the left side of the second box.
