

ImPlot::ColormapScale

ImPlot::SetupFinish

ImPlotTickCollection
::GetText

```
graph LR; A[ImPlot::ColormapScale] --> C[ImPlotTickCollection::GetText]; B[ImPlot::SetupFinish] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'ImPlot::ColormapScale' and the bottom box contains 'ImPlot::SetupFinish'. On the right, there is a gray rectangular box containing the text 'ImPlotTickCollection' on the top line and '::GetText' on the bottom line. Two blue arrows originate from the right side of the white boxes and point towards the left side of the gray box. The arrow from the top white box points to the upper part of the gray box, and the arrow from the bottom white box points to the lower part of the gray box.
